

*Press Release 11/2/18*

## **All Are Invited to FCA Annual Arts & Culture Celebration**

Since 2005 when they first helped create a state designated Cultural District in Fairfield, the Fairfield Cultural Alliance has been working to support arts, culture, history, and creative expression in our town.

One of the ways they do it every year is to have a *Celebration of Arts & Culture*, bringing together citizens, artists, entertainers, historians, educators, and businesses who are all part of our cultural community. Everyone interested is invited to come enjoy snacks, lively conversation, music, and reports from our arts and culture community on **November 14 at ICON Gallery** on the downtown square.

- The celebration is a venue for folks to speak to each other personally and as a group, to let each other know what is going on and to show appreciation of these efforts.
- The FCA will report on their activities for 2018, including the World Fair Field International Festival.
- John Collins, local pianist and educator, will entertain, sometimes accompanied by Paul Squillo on his trumpet.
- Cultural Trust Fund Mini-Grant Awards, and who they will be supporting will be announced.
- Mayor will give a report on Arts & Cultural progress in Fairfield from the City Hall perspective.
- Awards for Cultural Achievement for 2018 will be announced.

Come help us honor the talents of our local artists, entertainers, and all those who create beauty and love here in our Great Place, Fairfield, Jefferson County, Iowa. **Doors will open at 7:00 pm for conversation and networking. The program will start at 7:30.**
