

New Focus for 2020

Every year, the **Fairfield Cultural Alliance (FCA)** promotes the arts and cultural activities in our community by awarding small grants to individuals, and organizations whose historic, artistic, or musical contributions have been recognized for supporting creative projects.

This year, the circumstances are different. In-person events, performances, and exhibits are too risky to consider. The FCA recognizes and especially wants to support the local organizations that are drawing on limited resources trying to provide creative and innovative platforms for showcasing art and talent. This includes virtual performance venues, online galleries and shared funding sources designed to connect artists of all sorts to their audiences.

Grant Applications are now available at [Fairfieldculturaldistrict.org](http://www.fairfieldculturaldistrict.org) for individuals and organizations that are working to support the art community. **Download applications with instructions at <http://www.fairfieldculturaldistrict.org/docs/2020-Grant-App.pdf>** Organizations with **501(c)3 status** can either apply themselves, or sponsor other individuals and organizations with projects designed to uphold safety restrictions that are likely to be in place for the foreseeable future.

The recipients will be announced and grants will be distributed by September 1st. Watch for further details on the Fairfield Cultural Alliance Facebook page and in local media!

Grant Applications (with instructions) now available at [Fairfieldculturaldistrict.org](http://www.fairfieldculturaldistrict.org)

**Application Deadline:
Aug. 15, 2020**
